

**Overview:** **Salmon Rowing Boat Trolling on the Pool of Naamisuvanto** offers you a great possibility to experience the adventure of fishing salmon. Salmon trolling on a rowing boat is an old Finnish tradition. On River Tornionjoki the largest salmon are caught by trolling plugs, flies and spoons. Trolling means that you draw lures through the water behind by rowing.

Actually you drive up the river by the outboard motor and the river takes you down. By rowing you slow the speed and steer the lures to the salmon's hiding places. It is very relaxing experience. You don't need to have any trolling experience before. You can enjoy the trolling fishing from the first moment with the help of fishing guides. You don't need to learn difficult throwing technique like in fly fishing. You just pull line from the reel, set the friction brake on right position and wait the hit of salmon. The fishing guide takes care everything goes fine. Salmon trolling fits from experienced fisherman to beginners. It is safe and comfortable way to experience something very special.

If you are an experienced fisherman, you learn the secrets of the pool Naamisuvanto. Fishing guides share the information, where are the best hiding places of fishes and recommend the best lures.
